The Definitive Source for
Higher Education Salaries Since 1967

2008

ACKNOWLEDGMENTS

Publication of the *2007–08 Administrative Compensation Survey* marks the survey's forty-first year. This year's report reflects the salaries of 73,575 incumbents in 272 senior-level administrative positions at 1,307 colleges and universities nationwide, making it a key resource for salary-related decision making in the higher education community.

We wish to thank our members for their support relative to survey design and content. CUPA-HR would not be able to offer a tool so central to the needs of higher education administrators without their continuing insight and advice.

In the CUPA-HR National Office, our research department staff coordinated and reviewed all aspects of survey analysis and report production. To ensure the accuracy of data, the research staff worked closely with the many human resource and institutional research professionals responsible for completing the survey. The efforts of these individuals are greatly appreciated. We also want to thank Peerfocus, Inc., our partner and collaborator in Surveys Online.

INTRODUCTION

CUPA-HR's Administrative Compensation Survey (AdComp Survey) provides comprehensive and up-to-date salary data for college and university administrators. The survey was first administered in 1967 as a biennial survey and has been conducted on an annual basis since 1978.

Data collected by this survey and our Mid-Level Administrative and Professional Salary Survey (Mid-Level Survey) are designed to help administrators effectively manage their human resource costs by providing a broad range of salary data with which to evaluate current administrative pay levels and plan compensation budgets.

Positions covered in the survey are selected on the basis of an analysis of administrative positions found at most higher education institutions. CUPA-HR reviews the positions prior to each year's survey. This year's survey included 272 positions, as well as a short Pay Practices section asking about the CHRO supervisor and "incentive" compensation for 15 selected positions.

All positions in the AdComp survey have been re-numbered and re-ordered; the first to provide greater flexibility when adding new positions and the second to create groupings that more closely resemble the type of organizational structure commonly found in higher education. Both the report and DataOnDemand reflect the new numbering and ordering, and the creation of 11 categories of positions:

- Senior Executive Officers
- Chief Functional Officers
- Academic Deans
- Academic Associate/Assistant Deans
- Academic Affairs
- Business & Administrative Affairs
- Human Resources
- Information Technology
- Athletics
- Student Affairs
- External Affairs

The Mid-Level Survey has been similarly changed. The grouping of positions in the two surveys is now the same and the numbering complimentary, with the AdComp Survey having the lower half of a given series and the Mid-Level Survey the upper half.

If you believe we should cover additional positions, collect additional data, or make other improvements in our survey process, we welcome your suggestions. Our main objective is to meet the informational needs of CUPA-HR members in particular and of higher education institutions in general. Please send your suggestions to rsizemore@cupahr.org and specify "AdComp Survey Suggestion" in the subject line.

Important Changes in Reporting of Data Starting in 2006–07

In 2006–07 CUPA-HR changed to reporting "**un-weighted**" rather than "**weighted**" salary data in all survey reports. Un-weighted data more precisely reflects what institutions are paying as the average or median salary for a position is included only once for each participant school. Weighted data, in contrast, is more an indicator of what incumbents are earning since the average or median salary for a position is included once for each incumbent, thereby giving more weight to salaries paid by institutions with large numbers of incumbents.

Another change made in 2006-07, to comply with Department of Justice (DOJ) Safe Harbor Guidelines, was to increase the minimum number of responding institutions required for

reporting salary data **from four to five**. Reporting un-weighted data also ensures our ability to provide results for the greatest number of positions, given Safe Harbor's 25% rule for weighted data (see below).

In DataOnDemand both un-weighted and weighted salary data are available. Un-weighted data is the default for reports and weighted data is a user selected option. To comply with DOJ Safe Harbor Guidelines the weighted data option provides salary data only for positions with 5 or more responding institutions **and** in which all responding institutions comprise 25.0% or less of the incumbents. If a position has at least 5 responding institutions but one institution represents more than 25% of the incumbents, salary data is not reported. To read a summary of the Safe Harbor Guidelines go to <http://www.ftc.gov/reports/hlth3s.htm#6> and select Statement 6.

SURVEY CONTENT

The AdComp Survey collects salary and demographic data for selected administrative positions in colleges and universities. In general, positions at or above the director level are reported in this survey, while positions below the director level are reported in the Mid-Level Survey. **Appendix A** describes the positions included in the AdComp Survey.

The AdComp Survey collects both institution-specific and position-specific data. Institutional data are used primarily to create appropriate comparison groups.

Institution-specific data pre-loaded

- Institution name
- 2000 Carnegie classification
- 2005 Carnegie classification
- Affiliation
 - Public
 - Private independent
 - Private religious
 - Private for-profit
- Level of instruction
 - Undergraduate only
 - Graduate only
 - Both undergraduate and graduate
- NCAA Division

Institution-specific data collected by survey

- Structure type
 - Single unit institution, with one or multiple sites
 - Institution within a College or University System
 - System Office
- 2007–08 Total operating budget
- Total Endowment
- Cost of Benefits
- Student enrollment for Fall 2007–08
 - Number of full-time students
 - Number of part-time students
 - Fall credit hours taken by part-time students
 - Full-time equivalent (FTE) student total

- Faculty size for Fall 2007–08
 - Number of full-time faculty
 - Standard Fall full-time teaching load
 - Number of part-time faculty
 - Full-time equivalent (FTE) faculty total
- Faculty and/or staff represented by a union

Position-specific data collected by survey

- Current number of incumbents
- Annualized salary as of October 15, 2007
- Years of service in this position (if position has one incumbent)
- Hiring source (if position has one incumbent)
 - Outside hire
 - Internal promotion
 - Don't know
- Gender (if position has one incumbent)
 - Female
 - Male
 - Unknown
- Minority status (if position has one incumbent)
 - Yes
 - No
 - Don't know

SURVEY METHODOLOGY

The *AdComp Survey* is conducted entirely on the Web using Surveys Online, CUPA-HR's Web-based data collection and reporting system. This year's survey opened for data collection on September 5, 2007 and closed in late January, 2008. An Upload Option was available that allowed respondents to upload a file of salary data to SurveysOnLine (SOL), saving the effort of manually keying each item. Institutional identification information, including name, Carnegie classification, affiliation, level of instruction and NCAA division are preloaded and need to be updated only if they have changed. The other institutional information shown above is collected once for use with all salary surveys.

If available, last year's reported salary data were provided on this year's questionnaire to aid in survey completion. An interactive FTE calculation worksheet was also available to help institutions calculate full-time equivalent student enrollment and faculty figures.

Thousands of real-time and server-side validation checks are built into the questionnaire. These checks flag data that are significantly different from data reported last year by an institution, or that are extremely low or high. A final validation check flags computational and other potential errors. In order to submit its survey, an institution has to correct all "fatal" errors and correct or annotate all "serious" errors. The validation checks streamline the data cleaning process and allow significantly faster turnaround time for results.

All data submitted by institutions for the *2007–08 AdComp Survey* will be available online for the next five years. After that, the data will be archived, but still accessible upon request.

ACCESSING SURVEY RESULTS

CUPA-HR's salary surveys are excellent support tools for your benchmarking and planning processes. Each of our surveys affords you the ability to compare your institution's salaries for specific positions to those of your peer or aspiration institutions and to higher education as a whole, thus providing the basis for informed decisions. Results for the *2007–08 AdComp Survey* can be accessed in three ways.

- **Survey Report**

The survey report provides an easy-to-read, national-level summary of salaries by position. Salary data are shown for all institutions as a whole, and for groupings based on affiliation, budget size, student enrollment, and 2000 Carnegie classification. The report also includes salary comparisons by gender, minority status, hiring source (inside or outside hire) and median years of service. The survey report is published electronically in PDF format only.

Salary Comparisons: Dividing your institution's salaries by those reported in the survey will give you a good indication of how much more or less you are paying for the same position than other institutions.

- **DataOnDemand (DOD)**

DOD is a hands-on application that gives institutions and up to six specified users direct access to survey data—from the date of purchase until the end of January of the following year. Users also have access to results for that survey from the prior four years. DOD is a great value as you can conduct your own analyses any time you want and as often as you want, using peer comparison groups that you create. Use of DOD is limited only by the five restrictions in place to protect confidentiality:

- No salary data are linked to a given institution (other than where a user has permission to see his or her institution's data).
- No salary data are reported for positions with fewer than five responding institutions.
- A comparison group must include a minimum of eight institutions that participated in the survey.
- Each comparison group created must differ by at least three institutions from all other existing and deleted comparison groups.
- The weighted data report option provides salary data only for positions with 5 or more responding institutions **and** in which all responding institutions comprise 25.0% or less of position incumbents. If a position has at least 5 responding institutions but one institution represents more than 25% of the incumbents, salary data is not reported.

Using DOD is easy. In most instances, all you have to do is create your comparison group and run one or more of the *AdComp Survey* standard reports we have created to meet your informational needs.

- **Single Position Report:** Provides average, median, minimum and maximum salary for one position, N of incumbents, N of institutions, your institution's salaries as a percentage of the comparison group's and salary percentile ranks 20, 25, 40, 60, 75, 80. Report also gives you the option of reporting salaries on the basis of gender, minority status, years of service and hiring source. Report can be produced using un-weighted or weighted data. Output format: HTML.
- **Multi-Position Report:** Provides average, median, minimum and maximum salary for multiple positions, N of incumbents, N of institutions, your institution's salaries as a percentage of the comparison group's and salary percentile ranks 20, 25, 33, 40,

60, 67, 75, 80 **or** 10, 20, 30, 40, 60, 70, 80, 90. Report can be produced using un-weighted or weighted data. Output format: HTML, PDF or Excel.

- **Ordinal Rank Report:** Provides an anonymous listing of the average salary reported for each position by each responding institution, and the un-weighted or weighted average salary by position. Output format: HTML, PDF or Excel.
- **Trend Report:** Allows you to see the percentage change in your salaries by position from a prior year to a second year (e.g. the current year) and comparable percentage change statistics for a selected set of peer institutions. The report shows the percentage change in the average, median, minimum and maximum salary for all positions, N of incumbents, % change in your institution's salaries as a percentage of your comparison group's percent change, and percent change percentile ranks 20, 25, 33, 40, 60, 67, 75, 80 **or** 10, 20, 30, 40, 60, 70, 80, 90. Report can be produced using un-weighted or weighted data. Output format: HTML, PDF or Excel.
- **Multi-Position Demographic Report (New):** A new multi-position report is now available that provides salary data by minority/non-minority status, gender and hiring source (internal vs. external). For single incumbent positions only, average, median, minimum and maximum salary is reported, N of incumbents, N of institutions, your institution's salaries as a percentage of the comparison group's and salary percentile ranks 20, 25, 33, 40, 60, 67, 75, 80 **or** 10, 20, 30, 40, 60, 70, 80, 90. Output format: HTML, PDF or Excel.

In addition to the above, you also can create slide shows and presentations, and even conduct your own informal *Geographical Statistical Area (GSA)* analyses by using the New Group Wizard to create comparison groups based on Metropolitan Statistical Areas.

DOD is available to all higher education institutions, regardless of survey participation. Institutions may have multiple users for each DOD subscription. For maximum value, we recommend purchasing a survey report *and* access to DataOnDemand. We offer discount pricing for purchases of multiple reports and multiple subscriptions to DataOnDemand. Whether you are part of an institution, system, or consortium, you can use these discounts to reduce your overall costs.

- **Special Studies**

Special studies are custom reports produced by the CUPA-HR research staff, based upon selection criteria specified by you, but subject to the same restrictions noted above. We conduct special studies upon request, but DOD provides a far greater value for the money. The format for special studies is the same as DOD standard reports. We do not offer discounts for special studies.

Geographical Statistical Area (GSA) Report: The CUPA-HR research staff also can produce a GSA Report upon request. This report presents higher education-specific, geographically-based salary data as weighted averages within Metropolitan Statistical Areas (MSA) as defined by the U.S. Government. GSA reports are used by compensation administrators to review salary data pertinent to the local labor market and by international educators to determine prevailing wages for specific job codes as part of the H-1B Visa process. The format for the GSA report is the same as DOD standard reports.

Go to www.cupahr.org to order DataOnDemand and Special Studies.

CHIEF HR OFFICER REPORTING RELATIONSHIP

Survey respondents were asked to indicate the position to which their Chief Human Resources Officer [1037] reports. As the table below shows, 36.9% said their CHRO reports to the Chief Business Officer, 21.9% to the CEO, 14.4% to the Chief Financial Officer, 10.2% to the Chief Administrative Officer, and 7.7% to the Executive Vice President. About 7% of the respondents indicated that their CHRO reports to other positions.

CUPA-HR 2007-08 Administrative Compensation Survey	N	%
Chief Business Officer [1029]	426	36.9%
CEO/President/Chancellor [1001/ 1003]	253	21.9%
Chief Financial Officer [1031]	166	14.4%
Chief Administrative Officer [1030]	118	10.2%
Executive Vice President [1005]	89	7.7%
Chief Academic Officer and Provost [1023]	10	0.9%
Chief Legal Counsel	9	0.8%
Other	83	7.2%
Total	1154	100.0%

ANNUAL CASH BONUS OR INCENTIVE FOR SELECTED POSITIONS

Survey respondents were asked if the following positions receive an annual cash bonus or incentive (typically awarded for performance in the previous year) and if yes, to specify the dollar amount received this year. As the table below shows, only a small percentage of the incumbents received a bonus. The highest percentage, 13.2%, was for CEO of a single institution. The largest bonuses were received by the Chief Health Professions Officer and Dean of Medicine, followed next by the CEO of a System or District; however, the number reporting a dollar amount for the first two positions was very small.

CUPA-HR 2007-08 Administrative Compensation Survey	N	% Giving Bonus	If Bonus Paid: \$ Amount Received This Year		
			N Rpt Amt	Median	Average
CEO System or District [1001]	868	2.5%	15	\$50,000	\$66,496
CEO Single Institution [1003]	1125	13.2%	122	\$27,000	\$45,959
Executive VP / Vice Chancellor [1005]	902	2.2%	12	\$9,833	\$12,854
CAAO / Provost [1023]	1091	5.3%	46	\$10,000	\$19,877
Chief Business Officer [1029]	1044	4.2%	35	\$15,260	\$29,341
Chief Financial Officer [1031]	998	5.3%	40	\$9,200	\$23,341
Chief Budget Officer [1034]	941	1.7%	10	\$5,750	\$22,577
Chief Human Resources Officer [1037]	1027	3.8%	33	\$5,000	\$18,405
Chief Health Professions Officer [1041]	862	0.7%	2	\$98,674	\$98,674
Chief Student Affairs/Life Officer [1043]	1053	3.7%	33	\$7,500	\$16,655
Chief External Affairs Officer [1046]	898	1.7%	7	\$15,000	\$59,028
Chief Development Officer [1047]	1029	5.1%	37	\$11,500	\$19,358
Dean, Business [1206]	947	1.8%	11	\$25,000	\$37,384
Dean, Law [1225]	843	1.3%	6	\$12,500	\$51,801
Dean, Medicine [1228]	831	1.8%	7	\$116,438	\$96,739

PROFILE OF 2007–08 PARTICIPATING INSTITUTIONS

This year's Administrative Compensation Survey was completed by **1,307** higher education institutions. **Appendix B** lists survey participants in alphabetical order, along with each institution's Unit ID, Carnegie classification, affiliation, structure, and state.

The charts below describe this year's respondents. Public institutions comprise 49.8% (651) of the 2007–08 respondents, and private institutions 50.2% (656). The latter includes slightly more independent (27.1% or 354) than religiously affiliated (23.1% or 302) institutions.

In terms of classification, Master's colleges and universities are the largest group of participants at 29.2% (381), with private institutions making up slightly more than half of the group (16.0%). Baccalaureate and Associate's colleges comprise about 24% and 18% of the respondents respectively; the former are almost all private and the latter are almost all public. Doctoral institutions make up 16.4% (215) of the respondents; more than two-thirds are public. Specialized institutions (which include system offices) are the smallest segment of respondents at 12.5% (164).

% Distribution of 2007–08 Survey Respondents by Affiliation

Distribution of 2007–08 Survey Respondents by Classification and Affiliation

2007–08 SALARY INCREASES: OVERALL AND BY AFFILIATION

Approximately 90% (1,180) of the institutions participating in the *2007–08 AdComp Survey* also completed the 2006–07 survey. A position-by-position analysis of the salaries reported by these institutions in both years show that the median salary increase for all jobs was 4.0% this year (same as last year), and that the increase was slightly greater at public than at private institutions (4.1% versus 4.0%).¹

As it has now for many years, the overall median salary increase continued to outpace inflation. According to the Bureau of Labor Statistics, the **annual** Consumer Price Index for all urban consumers [CPI-U] in 2007 was 2.8 % higher than in 2006.

**% Median Salary Increase Overall and by Affiliation
Current and Prior Three Years ***

*Survey years reported in table: '04–'05, '05–'06, '06–'07, '07–'08

¹ **Method of Calculating Median Salary Increase:** Percent change is determined for each pair of salaries reported by institutions for the current and prior year, and the median of the percent change calculated.

2007–08 SALARY INCREASES: BY CLASSIFICATION

Salary increases by classification were 4.0% for all but Doctoral institutions which had a median increase of 4.2%.

**% Median Salary Increase by Classification
Current and Prior Three Years ***

*Survey years reported in table: '04–'05, '05–'06, '06–'07, '07–'08

As the table below shows, increases were similar at private and public institutions across all categories. However, increases were slightly better at public institutions in four of the five categories.

**% Median Salary Increase '06–'07 to '07–'08
by Classification and Affiliation**

	Doctoral	Master's	Bachelor's	Associate's	Specialized
Public	4.4	4.1	4.0	4.0	4.0
Private	4.0	4.0	4.0	3.9	3.8

2007–08 SALARY INCREASES: BY JOB CATEGORY

Salary increases for Senior Executive and Chief Functional Officer positions were higher than increases for any of the other seven categories. The grouping of positions this year is new based on the revised survey structure.

**% Median Salary Increase by Job Category
Current and Prior Two Years ***

*Survey years reported in table: '05–'06, '06–'07, '07–'08

As the table below shows, increases this year at public institutions were greater than those at private institutions across most job categories. The greatest difference was for Athletics; those at public institutions had a median increase of 4.3% compared to 4.0% at private schools.

**% Median Salary Increase '06–'07 to '07–'08
by Job Category and Affiliation**

	Senior Executives & Chief Functional Officers	Deans	Associate Deans	Academic Affairs	Business, Admin Affairs, HR & IT	Athletics	Student Affairs	External Affairs
All	4.4	4.0	4.0	4.0	4.0	4.0	4.0	4.0
Public	4.5	4.1	4.0	4.0	4.1	4.3	4.1	4.0
Private	4.4	4.0	4.0	3.9	4.0	4.0	3.8	3.8

DATA SPECIFICATIONS

Respondents were asked to observe the following specifications in reporting their data:

- Salaries are those in effect as of October 15, 2007.
- Salaries are at an annualized, full-time rate; they reflect actual cash earnings only (except for housing positions), excluding any services contributed without charge.
- Enrollment and budget figures are for the operating year 2007–08.
- Enrollment is stated in terms of full-time equivalent students. Most institutions reported enrollment information. For those few that did not, other sources were found for this data or last year’s survey submission was used, if available.
- Budget figures represent total operating budget for educational and general operations and auxiliary enterprises, including research funds and **funded** student aid. It does not include unfunded student aid (discounts) or capital funds. Prior to the 2005–06 survey unfunded aid was included. Most institutions reported budget information. For those few that did not, other sources were found for this data or last year’s survey submission was used, if available.
- The 2000 Carnegie Classification is used in this report to classify institutions based on their degree-granting activities into the following four groups. A fifth group, Specialized Institutions, are not broken out separately in the Carnegie-related tables, but are included in the final “All Institutions” column. In DataOnDemand, institutions (including specialized) are classified by both group and sub-group and also by the new 2005 Carnegie Classifications.
 - **Doctorate–granting institutions**
 - > Doctoral/Research Universities–Extensive [DR EXT]: These institutions typically offer a wide range of baccalaureate programs, and they are committed to graduate education through the doctorate. During the period studied, they awarded 50 or more doctoral degrees per year across at least 15 disciplines.
 - > Doctoral/Research Universities–Intensive [DR INT]: These institutions typically offer a wide range of baccalaureate programs, and they are committed to graduate education through the doctorate. During the period studied, they awarded at least ten doctoral degrees per year across three or more disciplines, or at least 20 doctoral degrees per year overall.
 - **Master's Colleges and Universities**
 - > Master's Colleges and Universities I [MA I]: These institutions typically offer a wide range of baccalaureate programs, and they are committed to graduate education through the master's degree. During the period studied, they awarded 40 or more master's degrees per year across three or more disciplines.
 - > Master's Colleges and Universities II [MA II]: These institutions typically offer a wide range of baccalaureate programs, and they are committed to graduate education through the master's degree. During the period studied, they awarded 20 or more master's degrees per year.
 - **Baccalaureate Colleges**
 - > Baccalaureate Colleges–Liberal Arts [BA LA]: These institutions are primarily undergraduate colleges with major emphasis on baccalaureate programs. During the period studied, they awarded at least half of their baccalaureate degrees in liberal arts fields.
 - > Baccalaureate Colleges–General [BA GEN]: These institutions are primarily undergraduate colleges with major emphasis on baccalaureate programs. During

the period studied, they awarded less than half of their baccalaureate degrees in liberal arts fields.

- > Baccalaureate/Associate's Colleges [BA AA]: These institutions are undergraduate colleges where the majority of conferrals are at the sub-baccalaureate level (associate's degrees and certificates). During the period studied, bachelor's degrees accounted for at least ten percent but less than half of all undergraduate awards.

- **Associate's Colleges [AA]**

These institutions offer associate's degree and certificate programs but, with few exceptions, award no baccalaureate degrees. This group includes institutions where, during the period studied, bachelor's degrees represented less than 10 percent of all undergraduate awards. This group includes community, junior and technical colleges.

DEFINITIONS

Budget Quartiles: To compute the quartiles, the budgets reported by each institution were ranked from low to high. One-quarter of the institutions were then included in each quartile. The budget ranges for each quartile are listed in the column headings.

Enrollment Quartiles: To compute the quartiles, the enrollments reported by each institution were ranked from low to high. One-quarter of the institutions were then included in each quartile. The enrollment ranges for each quartile are listed in the column headings.

Percentile Ranks:* To compute percentiles, each institution's average salary is counted once, ranked from low to high and then split at the following points:

- 20th percentile: 20% of all reported salaries equal or fall below this value.
- 40th percentile: 40% of all reported salaries equal or fall below this value.
- 50th percentile (**Median**): 50% of all reported salaries equal or fall below this value. The median is considered a more reliable measure than the mean (arithmetic average) in distributions containing a few extremely high or low numbers.
- 60th percentile: 60% of all reported salaries equal or fall below this value.
- 80th percentile: 80% of all reported salaries equal or fall below this value.

SALARY TABLES

Important Changes in Reporting of Data Starting in 2006-07

To ensure compliance with Department of Justice Guidelines for “Safe Harbor” all salary tables included in this document report **un-weighted rather than weighted** salary data and data is reported only for positions having at least five responding institutions. The same is true for DatOnDemand reports. Weighted data reports are still available as a user selected option. However, the weighted data option provides salary data only for positions with 5 or more responding institutions **and** in which all responding institutions comprise 25.0% or less of position incumbents. If a position has at least 5 responding institutions but one institution represents more than 25% of the incumbents, salary data is not reported. To read a summary of the guidelines go to <http://www.ftc.gov/reports/hlth3s.htm#6> and select Statement 6.

Note: This Executive Summary includes Table 3 only. To order the full report please visit <http://www.cupahr.org/surveys/salarysurvey2007-08.asp>
