Dear CUPA-HR National Board Members,

I appreciate the opportunity to apply for the Treasurer of the CUPA-HR National Board. I have truly enjoyed and grown as a person and a professional during my tenure on the National Board and would love to continue my service to you and all of our members as the next Treasurer. I believe that I could continue to provide the fiscal oversight and direction that is a “hallmark” of CUPA-HR’s operations and so critical to the long-term viability of our association.

Because of my experience and exposure to current issues as a member of the National Board, I believe I could provide a seamless transition to the duties associated with the position. We have some complex fiscal issues currently occurring in the association. My background of managing large budgets as well as my education with my MBA, provides me with a base to facilitate our association’s financial discussions in coordination with the staff at the National Office.

I am a committed member of CUPA-HR and the values and strategic priorities it provides to the professionals in the field of Higher Education HR. Under each of our strategic priorities, there is an underpinning of fiscal stewardship and accountability. Not only have I been a part of each of our strategic priorities as a member of the National Board and various subcommittees, I am committed to supporting and advancing each of our strategic priorities with the perspective of a fiscal steward and facilitator at a National Board leadership level. I believe that I work well with others and am respectful of all members of the National Board and CUPA-HR staff. I would love the opportunity to continue to provide servant and exemplary leadership to our team on the National Board as well as the extended members of our association in general.

Thank you for the opportunity to apply. I have attached my resume for your review. I look forward to our discussion to assess this application. Thanks you for your time and consideration.

Sincerely,

Jeff
