Policies

Per Department of Justice Safe Harbor Guidelines, statistics will not display when the number of Institutions contributing data is less than 5 (too few data). Statistics will also not display when one institution's data comprise more than 25% of the total (unbalanced data; only applicable if incumbent—rather than institutional average—salaries are selected). If fewer than 10 institutions have provided data for a position, any percentiles provided are poor estimates at best, and extreme caution should be taken in their interpretation and use.

Graphics will not appear in analyses with fewer than 15 incumbents.
