College and University Professional Association for Human Resources

About CUPA-HR

CUPA-HR is higher ed HR. We serve higher education by providing the knowledge, resources, advocacy and connections to achieve organizational and workforce excellence. Headquartered in Knoxville, Tennessee, and serving more than 31,000 HR professionals and other campus leaders at more than 2,000 institutions, the association offers learning and professional development programs, higher education workforce data, extensive online resources, and just-in-time regulatory and legislative information.

Pritchard, Adam; McChesney, Jasper; & Bichsel, Jacqueline (2019, June). *Staff in Higher Education Annual Report: Key Findings, Trends, and Comprehensive Tables for the 2018-19 Academic Year* (Research Report). CUPA-HR. Available from <https://www.cupahr.org/surveys/results/>.

CUPA-HR Data Use Agreement

- All survey results are copyrighted by the College and University Professional Association for Human Resources (CUPA-HR). No data contained in a survey report or obtained through DataOnDemand (DOD) may be reproduced in any form for any purpose without the written consent of CUPA-HR. Report findings and conclusions may be appropriately cited/referenced in other reporting if there is proper acknowledgment of the source and the referenced material does not involve reproduction of data tables or graphics.
- DOD can be purchased only by higher education institutions. Due to the sensitive and confidential nature of the data we collect, we reserve the right to confirm an individual's authorization to purchase DOD with his or her HR department, and to confirm with HR that each user listed on the order is authorized to view employee data. Individuals outside of the HR department seeking access will need written approval from the head of HR — these include faculty, unions, other administrators, etc. CUPA-HR accepts no responsibility for any employee who misrepresents his or her authorization.
- Annual survey reports contain comprehensive tables of aggregated data and may be purchased by anyone. However, all points of this agreement apply to the use of this tabular data.
- Survey results may not be changed or modified. Results may not be misrepresented as to their source or intent.
- Survey results may not be used to solicit or conduct business. The sole exception is the use of consultants who are currently engaged in a project with a higher ed institution that has granted access to that institution's purchase of DOD. Consultants may use the obtained data in their business dealings with the purchasing institution only. Consultants cannot order DOD directly. They should ask the appropriate representative of the institution for which they are working to contact us — via research@cupahr.org — to request consultant access to DOD. The institution representative should furnish: (a) the consultant's name, company, address, e-mail, and phone number; (b) a statement that indicates the consultant has been hired to perform work requiring the use of CUPA-HR data; (c) authorization for the consultant to see the institution's data; and (d) the names of the surveys to which the consultant should be granted access.
- Survey results may not be uploaded to a separate system or placed on the web without the explicit permission of CUPA-HR.
- Access to survey reports and DOD is limited to the users purchasing the report or subscription. Sharing report information, log-in credentials, output from DOD analyses, or DOD access with other institutions or organizations will result in immediate cancellation of access and will preclude future access. The system tracks and monitors purchases, use, and users.
- An institution is defined as an entity which has as its sole purpose the provision of postsecondary education and reports to the [Integrated Postsecondary Education Data System](#) (IPEDS) hosted by the National Center for Education Statistics (NCES). Results must be purchased for each institution in which CUPA-HR data is used and may only be used for the institution for which the subscription was purchased. Results may not be shared with — or used for — institutions within a multi-institution system for which a DOD subscription or annual report has not been purchased. System offices, defined as any entity that oversees two or more institutions, may share or use data only with institutions in their system for which the data has been purchased.

Highlights

The following are highlighted results from the *CUPA-HR 2019 Staff in Higher Education Annual Report*:

- The median salary increase for staff over the past year was 1.88%. The median salary increase was highest at baccalaureate institutions (1.99%) and lowest at associate's institutions (1.52%).
- Skilled craft lead positions were paid many of the highest staff salaries, with electrician lead (\$56,691) making the highest median salary overall.
- At present, 15 states and the District of Columbia have passed legislation enacting future minimum wage increases. In these places, 11% of higher ed staff overall currently earn below these future state minimums and may require pay increases in the next several years.
- A combined 75% of higher ed staff work in either office/clerical (41%) or service/maintenance positions (34%). The two most common positions are custodian/housekeeper and administrative assistant, each making up around 14% of the staff workforce.
- The position of graphic design paraprofessional experienced the most job growth this year (26% increase), whereas building control systems technician saw the largest decline (24% decrease).
- Women make up 61% of higher ed staff overall, and minorities make up 31% of staff — both figures are unchanged from last year. Women are paid less than equitably compared to men in all staff areas except for office/clerical positions. Minorities (except Asians) are paid less in the same position than are White staff across all areas.
- Salaries for higher ed staff differ considerably by state and region. Median salaries in the Northeast (\$39,756) and West (\$39,408) are higher than in the Midwest (\$36,649) and South (\$35,000).

Introduction

This is the sixth year of CUPA-HR's data collection on higher education staff, who are primarily in non-exempt positions.¹ The survey has collected incumbent-level salary and demographic data — including sex, race/ethnicity, age, and years in position — for all staff since 2016-17. Highlights of this demographic data are included in this report.

POSITIONS SURVEYED

A total of 205,949 staff were reported for this year's survey.² The 153 positions surveyed are grouped into the following areas:³

- Office/Clerical Staff
 - Examples: Administrative Assistant, Records Clerk, Student Services Coordinator
- Service/Maintenance Staff
 - Examples: Construction Laborer, Custodian/Housekeeper, Food Server
- Technical/Paraprofessional Staff
 - Examples: Paralegal, Medical Billing Specialist, IT Systems Specialist
- Skilled Craft Staff
 - Examples: Electrician, Carpenter, Machinist

1 Most staff are non-exempt and earn hourly wages rather than salaries per se. However, to facilitate comparison between positions and with other data we collect, hourly wages are standardized to annual salaries and staff pay is referred to as salaries throughout the report. See the Methodology section for more details.

2 See the Methodology section of this report for more specific information on the sample and the data collected. Some institutions' data were excluded from the analyses in this report. This report analyzes data for 204,203 staff.

3 See the *Staff Survey Participation and Information Template* (SPIT) for titles and descriptions of all positions surveyed.

PARTICIPATING INSTITUTION CHARACTERISTICS

The information in Figure 1 summarizes the institutional characteristics of respondents to this year’s *Staff in Higher Education Survey*. A total of 857 institutions provided incumbent-level data for their staff.⁴ Institutions are well represented in this year’s data by classification, affiliation, and region.

2019 STAFF IN HIGHER EDUCATION

Staff Survey Participants

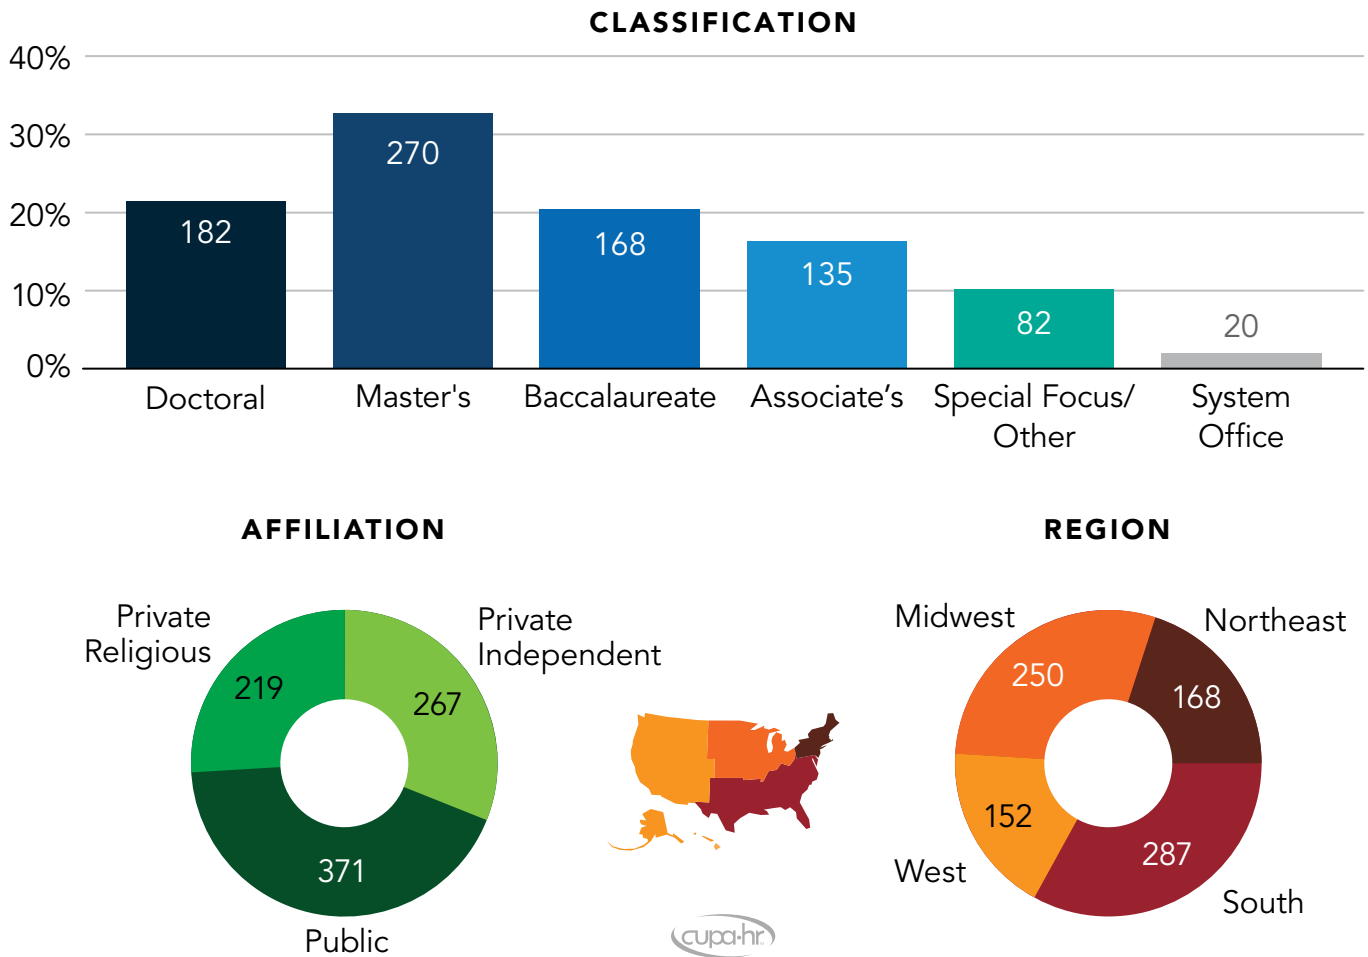

Figure 1

⁴ See Appendix B for a list of all participating institutions. System offices provided data for system-level positions, which are integrated into the analyses for this report. For-profit institutions and higher ed affiliates were excluded from the analyses for this report. See the Methodology section for more detail on these exclusions.

Methodology

SURVEY

The data collection period for CUPA-HR's *Staff in Higher Education Survey* ran from November 1, 2018 through January 18, 2019. The survey was conducted through Surveys Online.⁵

Staff Positions

This year's survey includes data for 205,949 staff.⁶ For each incumbent, the following data were collected:

- Annualized base salary (effective date November 1, 2018)
- Sex (optional)
- Race/ethnicity (optional)
- Year entered current position (optional)
- Birth year (optional)

Participants could either enter this data manually online for each incumbent or upload a file containing this data.⁷

Institutional Characteristics

In addition, data on institutional characteristics were collected from all participants:

- Total expenses reported to IPEDS in 2017-18
- Student enrollment (effective date October 15, 2018)
- Faculty size (effective date November 1, 2018) and number of separations in the past year
- Staff size (effective date November 1, 2018) and number of separations in the past year
- Human resources staff size and number of separations in the past year
- CHRO reporting relationship
- Whether collective bargaining exists for the following groups:
 - Full-time faculty
 - Part-time or adjunct faculty
 - Full-time staff
 - Graduate students

Basic information on total expenses as well as student, faculty, and staff size were required questions. All other questions were optional.

5 Surveys Online is a product of [Peerfocus](#).

6 This report analyzes data from 204,203 staff, excluding individuals from for-profit institutions and higher ed affiliates.

7 See the [Staff Survey Participation and Information Template \(SPIT\)](#) for more specific information about the data collected in this year's survey, as well as the instructions provided to participants for annualizing hourly wages.

RESPONDENTS

Respondents were largely human resources professionals and institutional research professionals from higher education institutions in the U.S.⁸ There were 857 institutions that completed the survey (Table 1). All participating institutions are listed in Appendix B.

Table 1. Number of Responding Institutions by Classification and Affiliation

		Affiliation			Total
		Private Independent	Private Religious	Public	
Classification	Doctoral	40	28	114	182
	Master's	85	111	74	270
	Baccalaureate	77	69	22	168
	Associate's	3	0	132	135
	Special Focus/ Other	59	11	12	82
	System Office	3	0	17	20
Total Participating Institutions		267	219	371	857
Total N for This Report		252	219	370	841

⁸ For-profit institutions ($n = 13$) and higher ed affiliates ($n = 3$) were excluded from the analyses in this report. Although their data were not analyzed for this report, their data are available for benchmarking in DataOnDemand, and their names appear in the participant list in Appendix B. They are included as "Other" institutions in the table above.

Acknowledgments

CUPA-HR's *Staff in Higher Education Annual Report* provides data on salaries and demographic information for staff employed in a cross-section of the nation's colleges and universities.

We are indebted to the human resources professionals and institutional research professionals of the colleges and universities who completed the survey.

In the CUPA-HR national office, our research department staff coordinated and reviewed all aspects of survey analysis and report production. To ensure the accuracy of data, the research staff conducted numerous outlier and validation checks with those responsible for completing the survey. Peerfocus, Inc., our partner and collaborator in Surveys Online, provided web-based data collection, automated validation checks, and table generation. This report was designed, reviewed, edited, and marketed by members of our research, communications, and executive teams, acknowledged below.

Appendix A. Comprehensive Tables

The salaries provided in these tables are annualized base salaries. The tables in this appendix report unweighted median salaries.⁹ The median divides salaries in half: 50% of all reported salaries fall above or below this salary. The median is a more reliable measure than the mean (average) in distributions that are skewed (containing a few extremely low or — in the case of most salary data — high numbers).

Data is reported only for positions having at least five responding institutions.¹⁰

To compute the quartiles, the total expense/enrollment numbers reported by each institution were ranked from low to high, and one quarter of the institutions were assigned to each quartile. Quartile ranges are listed in the column headings of each applicable table.

Some of the tables also report salary data by percentile rank. To compute percentiles, each institution's average salary is counted once, ranked from low to high, and then split at the following points:

- 20th percentile: 20% of all reported salaries are equal to or fall below this value
- 40th percentile: 40% of all reported salaries are equal to or fall below this value
- 50th percentile: 50% of all reported salaries are equal to or fall below this value
- 60th percentile: 60% of all reported salaries are equal to or fall below this value
- 80th percentile: 80% of all reported salaries are equal to or fall below this value

⁹ The tables in Appendix A provide a large-scope picture of staff salaries. To benchmark salaries using custom comparison groups, or to view salaries by sex, race/ethnicity, age, or years in position, higher ed institutions should subscribe to [DataOnDemand](#).

¹⁰ Both annual reports and DataOnDemand follow Department of Justice safe harbor guidelines for antitrust regulations. An explanation of these guidelines can be found here: http://compforce.typepad.com/compensation_force/2007/02/antitrust_regul.html.
