

College and University Professional Association for Human Resources

About CUPA-HR

CUPA-HR is higher ed HR. We serve higher education by providing the knowledge, resources, advocacy and connections to achieve organizational and workforce excellence. Headquartered in Knoxville, Tennessee, and serving more than 30,000 HR professionals and other campus leaders at more than 2,000 institutions, the association offers learning and professional development programs, higher education workforce data, extensive online resources and just-in-time regulatory and legislative information.

CITATION FOR THIS REPORT

Pritchard, Adam; Fuesting, Melissa; Nadel-Hawthorne, Sarah; Schmidt, Anthony; & Bichsel, Jacqueline (2020, May). *Staff in Higher Education Annual Report: Key Findings, Trends, and Comprehensive Tables for the 2019-20 Academic Year* (Research Report). CUPA-HR. Available from <https://www.cupahr.org/surveys/results/>.

CUPA-HR Data Use Agreement

- All survey results are copyrighted by the College and University Professional Association for Human Resources (CUPA-HR). No data contained in a survey report or obtained through DataOnDemand (DOD) may be reproduced in any form for any purpose without the written consent of CUPA-HR. Report findings and conclusions may be appropriately cited/referenced in other reporting if there is proper acknowledgment of the source and the referenced material does not involve reproduction of data tables or graphics.
- DOD can be purchased only by higher education institutions. Due to the sensitive and confidential nature of the data we collect, we reserve the right to confirm an individual's authorization to purchase DOD with his or her HR department, and to confirm with HR that each user listed on the order is authorized to view employee data. Individuals outside of the HR department seeking access will need written approval from the head of HR — these include faculty, unions, other administrators, etc. CUPA-HR accepts no responsibility for any employee who misrepresents his or her authorization.
- Annual survey reports contain comprehensive tables of aggregated data and may be purchased by anyone. However, all points of this agreement apply to the use of this tabular data.
- Survey results may not be changed or modified. Results may not be misrepresented as to their source or intent.
- Survey results may not be used to solicit or conduct business. The sole exception is the use of consultants who are currently engaged in a project with a higher ed institution that has granted access to that institution's purchase of DOD. Consultants may use the obtained data in their business dealings with the purchasing institution only. Consultants cannot order DOD directly. They should ask the appropriate representative of the institution for which they are working to contact us — via research@cupahr.org — to request consultant access to DOD. The institution representative should furnish: (a) the consultant's name, company, address, email, and phone number; (b) a statement that indicates the consultant has been hired to perform work requiring the use of CUPA-HR data; (c) authorization for the consultant to see the institution's data; and (d) the names of the surveys to which the consultant should be granted access.
- Survey results may not be uploaded to a separate system or placed on the web without the explicit permission of CUPA-HR.
- Access to survey reports and DOD is limited to the users purchasing the report or subscription. Sharing report information, log-in credentials, output from DOD analyses, or DOD access with other institutions or organizations will result in immediate cancellation of access and will preclude future access. The system tracks and monitors purchases, use, and users.
- An institution is defined as an entity which has as its sole purpose the provision of postsecondary education and reports to the Integrated Postsecondary Education Data System (IPEDS) hosted by the National Center for Education Statistics (NCES). Results must be purchased for each institution in which CUPA-HR data is used and may only be used for the institution for which the subscription was purchased. Results may not be shared with — or used for — institutions within a multi-institution system for which a DOD subscription or annual report has not been purchased. System offices, defined as any entity that oversees two or more institutions, may share or use data only with institutions in their system for which the data has been purchased.

Highlights

The following are highlighted results from the CUPA-HR 2020 *Staff in Higher Education Annual Report*:

- Staff employees in higher education received a median percentage increase in pay of 2.40% last year, the largest increase since CUPA-HR began collecting data on non-exempt staff in 2013-14. Associate's institutions provided the highest increase in overall staff pay, at 2.81%.
- The largest staff area is office/clerical, with a median of 48 office/clerical staff per institution. Skilled craft is the smallest area, with a median of 10 skilled craft staff per institution.
- Institutions have a higher number of custodians/housekeepers (median = 24) than any other staff position. Administrative assistants are the second largest, at a median of 16 per institution.
- Most staff positions naturally increase in number with increases in student enrollment. However, the increase in number of staff is much steeper for some positions (e.g., custodian/housekeeper) than it is for others (e.g., electrician). For every 2,000-student increase in enrollment, for example, institutions report approximately 12 more custodians and one more electrician.
- The staff position with the highest growth is athletics equipment manager, with a 36% increase in number of positions in the past year. The position of recruitment coordinator had the greatest decline, with a 53% decrease in number of positions.
- Racial/ethnic minorities represent 31% of (largely non-exempt) higher ed staff. This is much higher than the percentage of minorities represented in administrator (16%), faculty (22%), and professional (23%) positions.
- The staff area with the lowest percentage of women and minorities is skilled craft, which is also the staff area with the highest salaries. Women who work in skilled craft positions make \$.87 on the dollar compared to men. Racial/ethnic minorities are best represented in service/maintenance positions, the area with the lowest salaries. Nearly one-fourth (22%) of service/maintenance staff are Black/African American, and they make \$.89 on the dollar compared to White service/maintenance staff.
- The area of skilled craft continues to be a concern in regard to succession planning, as a large percentage of skilled craft staff (43%) are over the age of 55, with fewer numbers of younger staff to replace them. Given the underrepresentation of women and minorities in the area of skilled craft, this presents an opportunity to increase this representation in the pipeline for many skilled craft positions.
- There are many regional differences in regard to higher ed staff. Staff salaries are highest in the Northeast and West and lowest in the Midwest and South. The South and West have much higher representations of racial/ethnic minorities than do the Northeast and Midwest.

Introduction

This is the seventh year that CUPA-HR has conducted the *Staff in Higher Education Survey*, which collects data on primarily non-exempt office/clerical, service/maintenance, technical/paraprofessional, and skilled craft staff.¹ The survey has collected demographic data — including sex, race/ethnicity, age, and years in position — for all staff since 2016-17. Highlights of this demographic data are included in this report.

At the time this report is being written, higher education institutions are responding to the national crisis created by the COVID-19 pandemic. As a result of severe budget cuts that are either anticipated or already realized in the pandemic's wake, higher ed leaders are planning for changes (specifically reductions) to the higher ed workforce. As institutional leaders plan for possible delays in campus openings, the staff who service the infrastructure of the campus and maintain its upkeep — the staff covered in this report — may be most at risk of being furloughed or losing their jobs. It's important to document and report on the changes that will occur over this next year so that institutions may make data-based decisions on changes to their staff and strategically plan for the higher ed workforce of the future. The *Staff in Higher Education Survey* contains important analyses of the size of the non-exempt staff workforce as a record of the baseline from which future changes can be compared.

As higher ed institutional leaders make plans for workforce changes, it is important they keep their diversity, equity, and inclusion efforts front of mind. Recent and historic data show that recessions hit women and people of color the hardest, both in terms of the fact that they are first to lose their jobs as well as the length of the recession's impact.² As this report shows, women and minorities are better represented in higher ed non-exempt staff positions than they are in professional and administrative positions. Higher ed leaders will undoubtedly want to keep this in mind as they make workforce decisions that will impact the face of all of higher education.

POSITIONS SURVEYED

A total of 209,385 staff were reported for this year's survey.³ The 153 positions surveyed are grouped into the following areas:⁴

- Office/Clerical Staff
 - Examples: Administrative Assistant, Records Clerk, Student Services Coordinator
- Service/Maintenance Staff
 - Examples: Construction Laborer, Custodian/Housekeeper, Food Server
- Technical/Paraprofessional Staff
 - Examples: Paralegal, Medical Billing Specialist, IT Systems Specialist
- Skilled Craft Staff
 - Examples: Electrician, Carpenter, Machinist

1 Most staff are non-exempt and are paid hourly wages rather than salaries per se. However, to facilitate comparison between positions and with other data we collect, hourly wages are standardized to annual salaries and staff pay is referred to as salaries throughout the report. See the Methodology section for more details.

2 Kalev, A. (2020, April 20). *Research: U.S. Unemployment Rising Faster for Women and People of Color*. *Harvard Business Review*.

3 See the Methodology section of this report for more specific information on the sample and the data collected. Some institutions' data were excluded from the analyses in this report. This report analyzes data for 206,448 staff.

4 See the *Staff Survey Participation and Information Template* (SPIT) for titles and descriptions of all positions surveyed.

PARTICIPATING INSTITUTION CHARACTERISTICS

The information in Figure 1 summarizes the institutional characteristics of respondents to this year’s *Staff in Higher Education Survey*. A total of 861 institutions provided incumbent-level data for 209,385 staff.⁵ Institutions are well represented in this year’s data by classification, affiliation, and region.

2020 STAFF IN HIGHER EDUCATION

Staff Survey Participants

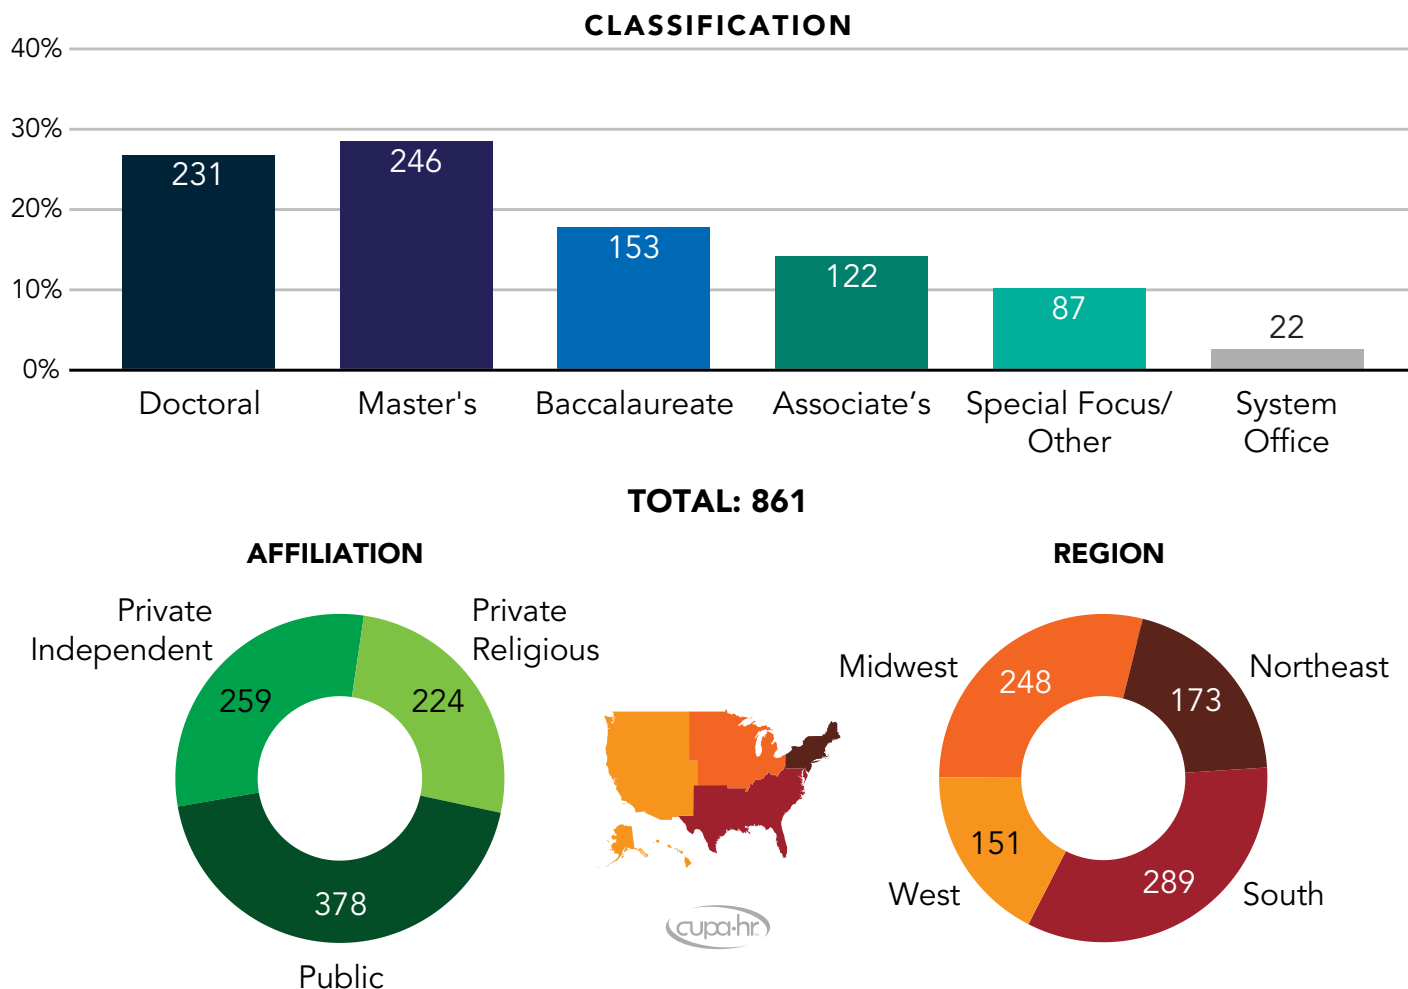

Figure 1

5 See Appendix B for a list of all participating institutions. System offices provided data for system-level positions and those positions with system-level responsibilities, which are excluded from the analysis for this report to avoid duplication. For-profit institutions and higher ed affiliates were excluded from the analysis. See the Methodology section for more detail on these exclusions.

Methodology

SURVEY

The data collection period for CUPA-HR's *Staff in Higher Education Survey* ran from November 1, 2019, through January 17, 2020. The survey was conducted through Surveys Online.⁶

Staff Positions

This year's survey includes data for 209,385 staff.⁷ For each incumbent, the following data were collected:

- Annualized base salary (effective date November 1, 2019)
- Sex (optional)
- Race/ethnicity (optional)
- Year entered current position (optional)
- Birth year (optional)

Participants could either enter this data manually online for each incumbent or upload a file containing this data.⁸

Institutional Characteristics

In addition, data on institutional characteristics were collected from all participants:

- Total expenses reported to IPEDS in 2018-19
- Student enrollment (effective date October 15, 2019)
- Faculty size (effective date November 1, 2019) and number of separations in the past year
- Staff size (effective date November 1, 2019) and number of separations in the past year
- Human resources staff size and number of separations in the past year
- CHRO reporting relationship
- Whether collective bargaining exists for the following groups:
 - Full-time faculty
 - Part-time or adjunct faculty
 - Full-time staff
 - Graduate students

Basic information on total expenses as well as student, faculty, and staff size were required questions. All other questions were optional.

6 Surveys Online is a product of [Peerfocus](#).

7 This report analyzes data from 206,448 staff, as data from for-profit institutions, system offices, and higher ed affiliates were excluded.

8 See the [Staff Survey Participation and Information Template \(SPIT\)](#) for more specific information about the data collected in this year's survey, as well as the instructions provided to participants for annualizing hourly wages.

RESPONDENTS

Respondents were largely human resources professionals and institutional research professionals from higher education institutions in the U.S.⁹ There were 861 institutions that completed the survey (Table 1). All participating institutions are listed in Appendix B.

Table 1. Number of Responding Institutions by Classification and Affiliation

Classification	Affiliation			Total
	Private Independent	Private Religious	Public	
Doctoral	53	51	127	231
Master's	70	99	77	246
Baccalaureate	67	64	22	153
Associate's	2	0	120	122
Special Focus/Other	64	10	13	87
System Office	3	0	19	22
Total Participants	259	224	378	861
Total N for This Report	246	224	359	829

⁹ For-profit institutions ($n = 8$), system offices ($n = 22$), and higher ed affiliates ($n = 2$) were excluded from the analyses in this report. Although their data were not analyzed for this report, their data are available for benchmarking in DataOnDemand, and their names appear in the participant list in Appendix B. They are included as "Other" institutions in the table in this section.

Acknowledgments

CUPA-HR's *Staff in Higher Education Annual Report* provides data on salaries and demographic information for staff employed in a cross-section of the nation's colleges and universities.

We are indebted to the human resources professionals and institutional research professionals of the colleges and universities who completed the survey.

In the CUPA-HR national office, our research department staff coordinated and reviewed all aspects of survey analysis and report production. To ensure the accuracy of data, the research staff conducted numerous outlier and validation checks with those responsible for completing the survey. Peerfocus, Inc., our partner and collaborator in Surveys Online, provided web-based data collection, automated validation checks, and table generation. This report was designed, reviewed, edited, and marketed by members of our research, communications and marketing, and executive teams, acknowledged below.

Appendix A. Comprehensive Tables

The salaries provided in these tables are annualized base salaries. The tables in this appendix report unweighted median salaries.¹⁰ The median divides salaries in half: 50% of all reported salaries fall above or below this salary. The median is a more reliable measure than the mean (average) in distributions that are skewed (containing a few extremely low or — in the case of most salary data — extremely high numbers).

Data are reported only for positions having at least five responding institutions.¹¹ To compute the quartiles, the total expense/enrollment numbers reported by each institution were ranked from low to high, and one-quarter of the institutions were assigned to each quartile. Quartile ranges are listed in the column headings of each applicable table.

10 The tables in Appendix A provide a large-scope picture of staff salaries. To benchmark salaries using custom comparison groups, or to view salaries by sex, race/ethnicity, age, or years in position, higher ed institutions should subscribe to [DataOnDemand](#).

11 Both annual reports and DataOnDemand follow Department of Justice safe harbor guidelines for antitrust regulations. An explanation of these guidelines can be found here: http://compforce.typepad.com/compensation_force/2007/02/antitrust_regul.html.
