College and University Professional Association for Human Resources

About CUPA-HR

CUPA-HR is higher ed HR. We serve higher education by providing the knowledge, resources, advocacy and connections to achieve organizational and workforce excellence. Headquartered in Knoxville, Tennessee, and serving over 33,000 HR professionals and other campus leaders at nearly 2,000 member institutions, the association offers learning and professional development programs, higher education workforce data, extensive online resources and just-in-time regulatory and legislative information.

CUPA-HR Data Use Agreement

- All survey results are copyrighted by the College and University Professional Association for Human Resources (CUPA-HR). No data contained in a survey report or obtained through DataOnDemand (DOD) may be reproduced in any form for any purpose without the written consent of CUPA-HR. Report findings and conclusions may be appropriately cited/referenced in other reporting if there is proper acknowledgment of the source and the referenced material does not involve reproduction of data tables or graphics.
- DOD can be purchased only by higher education institutions. Due to the sensitive and confidential nature of the data we collect, we reserve the right to confirm an individual's authorization to purchase DOD with his or her HR department, and to confirm with HR that each user listed on the order is authorized to view employee data. Individuals outside of the HR department seeking access will need written approval from the head of HR — these include faculty, unions, other administrators, etc. CUPA-HR accepts no responsibility for any employee who misrepresents his or her authorization.
- Annual survey reports contain comprehensive tables of aggregated data and may be purchased by anyone. However, all points of this agreement apply to the use of this tabular data.
- Survey results may not be changed or modified. Results may not be misrepresented as to their source or intent.
- Survey results may not be used to solicit or conduct business. The sole exception is the use of consultants who are currently engaged in a project with a higher ed institution that has granted access to that institution's purchase of DOD. Consultants may use the obtained data in their business dealings with the purchasing institution only. Consultants cannot order DOD directly. They should ask the appropriate representative of the institution for which they are working to contact us — via research@cupahr.org — to request consultant access to DOD. The institution representative should furnish: (a) the consultant's name, company, address, e-mail, and phone number; (b) a statement that indicates the consultant has been hired to perform work requiring the use of CUPA-HR data; (c) authorization for the consultant to see the institution's data; and (d) the names of the surveys to which the consultant should be granted access.
- Survey results may not be uploaded to a separate system or placed on the web without the explicit permission of CUPA-HR.
- Access to survey reports and DOD is limited to the users purchasing the report or subscription. Sharing report information, log-in credentials, output from DOD analyses, or DOD access with other institutions or organizations will result in immediate cancellation of access and will preclude future access. The system tracks and monitors purchases, use, and users.
- An institution is defined as an entity which has as its sole purpose the provision of postsecondary education and reports to the Integrated Postsecondary Education Data System (IPEDS) hosted by the National Center for Education Statistics (NCES). Results must be purchased for each institution in which CUPA-HR data is used and may only be used for the institution for which the subscription was purchased. Results may not be shared with — or used for — institutions within a multi-institution system for which a DOD subscription or annual report has not been purchased. System offices, defined as any entity that oversees two or more institutions, may share or use data only with institutions in their system for which the data has been purchased.

Highlights

The following are highlighted results from the CUPA-HR 2021 *Administrators in Higher Education Annual Report*:

- The overall median salary increase for administrators from 2019-20 to 2020-21 was 0.36%, the lowest increase since 2010. This increase was also the lowest of any sector of the higher ed workforce — lower than that for faculty, professionals, or staff.
- The only category of administrators to receive what could be termed a salary increase were heads of divisions, who are among the lowest-paid administrators. Every other category of administrator received a zero or near-zero increase.
- The size of the administrator workforce overall did not change greatly over the past year. In 2019-20, the number of administrators decreased by 0.4%. In 2020-21, the number of administrators increased by 0.2%. Master's and doctoral institutions increased the number of administrators reported, whereas baccalaureate and associate's institutions decreased their administrator workforce size.
- The proportions of women and racial/ethnic minorities within administrative positions are not much different from last year, indicating that cuts made during the past year did not disproportionately impact the representation of women and minorities in administrative positions overall.
- Continuing trends from past years, women are less represented in higher-paying administrative positions and more represented in lower-paying positions. For all administrative categories, women are paid less than men. The pay gap between women and men is most pronounced among deans and associate/assistant deans.
- Black, Hispanic/Latinx, and Asian men make up less than one-tenth of administrators (7%). Minority women also make up less than one-tenth of administrators (9%) but are slightly better represented among administrators overall than are minority men.
- For presidents, executive perks may have been impacted by budget challenges created by the pandemic. In 2020-21, fewer presidents received a car, club membership, and/or housing subsidies.

Introduction

The *CUPA-HR Administrators in Higher Education Survey* is the longest-running and most comprehensive survey of higher ed administrators. This marks the 54th year of data collection for this survey. The survey collects the following data for all higher ed administrators: salary, sex, race/ethnicity, age, and years in position.¹

This marks a special year for data collection and reporting for all CUPA-HR surveys. The severe budget cuts in the wake of the COVID-19 pandemic forced many institutions to freeze hiring, cut positions, and, in some cases, decrease salaries. This report highlights the overall changes to administrator composition and salaries over the past year.

POSITIONS SURVEYED

A total of 47,985 administrators were reported for this year's survey. The 202 positions surveyed are grouped into six administrative categories:²

- Top Executive Officers
 - Includes Chief Executive Officer (Campus or System), Executive Vice President/Vice Chancellor, and Chief Academic Affairs Officer/Provost.
- Senior Institutional and Chief Functional Officers
 - Persons in these positions direct a major functional area with institution-wide scope/impact as well as the work of other professional employees. They typically report to a top executive officer or other senior institutional officer. Examples include Chief Financial Officer, Chief Development/Advancement Officer, Chief Human Resources Officer, and Chief Information/IT Officer.
- Institutional Administrators
 - Persons in these positions direct a functional area with institution-wide scope as well as the work of other professional employees. They serve as the senior content expert in a recognized professional realm. Examples include Chief Purchasing Officer, Chief Diversity Officer, Chief Hospital Administrator, and Chief Student Registration/Records Officer.
- Heads of Divisions, Departments, and Centers
 - Persons in these positions manage an institutionally recognized division, department, or center and the work of other professional employees. Examples include Bursar, Chief Campus Bookstore Administrator, Chief Campus Benefits Administrator, and Chief Campus Student Housing Administrator.
- Academic Deans
 - Persons with faculty status who serve as the principal administrator/head of an academic program, which may be a school, college, or department.
- Academic Associate/Assistant Deans
 - Persons with or without faculty status who report to and support the dean in the administration of an institutional program, which may be a school, college, or department.

1 See the Methodology section of this report for more specific information on the sample and the data collected.

2 See the *Administrators Survey Participation and Information Template* for a complete list of all administrator positions surveyed.

PARTICIPATING INSTITUTION CHARACTERISTICS

The information in Figure 1 summarizes the institutional characteristics of respondents to this year's *Administrators in Higher Education Survey*. In total, 1,053 institutions provided incumbent-level data for 47,985 administrators.³ Institutions are well represented in this year's data by classification, affiliation, and region.

2021 ADMINISTRATORS IN HIGHER EDUCATION

Administrators Survey Participants

Figure 1

³ See Appendix B for a list of all participating institutions. Special focus/other institutions (including for-profit institutions) were excluded from most analyses for this report. See the Methodology section for more detail on these exclusions.

Methodology

SURVEY

The data collection period for CUPA-HR's *Administrators in Higher Education Survey* ran from November 2, 2020 to January 15, 2021. The survey was conducted through Surveys Online.⁴

Administrator Positions

This year's survey includes data for 47,985 administrators. For each administrator reported, the following data were collected:

- Annualized base salary (effective date November 1, 2020)
- H-1B status
- Sex (optional)
- Race/ethnicity (optional)
- Year entered current position (optional)
- Birth year (optional)
- Whether the administrator has faculty status (for associate/assistant dean positions only)

Participants could either enter this data manually online for each administrator or upload a file containing this data.

Executive Pipeline and Benefits

The following data were collected for four positions: president/CEO of a system, president/CEO of a single institution, chief academic affairs officer/provost, and chief human resources officer.

- Place of employment prior to current appointment
- Position prior to current appointment

In addition, data on the following benefits/perquisites was collected for seven positions: president/CEO of a system, president/CEO of a single institution, executive vice president/vice chancellor, chief academic affairs officer/provost, chief business officer, chief athletic administrator, and chief development/advancement officer.

- Institution-provided housing (full, partial, or no subsidy)
- Institution-provided vehicle or vehicle allowance (full, partial, or no subsidy)
- Institution-provided club membership (full, partial, or no subsidy)
- Institution-provided deferred compensation program (yes or no)
- Performance-based incentive pay opportunity (yes or no)

Pipeline and benefits data were collected online, and all questions were optional.

⁴ Surveys Online is a product of [Peerfocus](#).

Institutional Characteristics

In addition, data on institutional characteristics were collected from all participants:⁵

- Total expenses reported to IPEDS in 2019-20
- Student enrollment (effective date approximately October 15, 2020)
- Faculty size (effective date November 1, 2020) and number of separations in the past year
- Staff size (effective date November 1, 2020) and number of separations in the past year
- Human resources staff size and number of separations in the past year
- CHRO reporting relationship
- Whether collective bargaining exists for the following groups:
 - Full-time faculty
 - Part-time or adjunct faculty
 - Full-time staff
 - Graduate students

Basic information on total expenses as well as student, faculty, and staff size were required questions. All other questions were optional.

RESPONDENTS

Respondents were largely human resources professionals from higher education institutions in the U.S.⁶ There were 1,053 institutions that completed the survey (Table 1). All participating institutions are listed in Appendix B.

Table 1. Number of Responding Institutions by Classification and Affiliation

Classification	Affiliation			Total
	Private Independent	Private Religious	Public	
Doctoral	67	52	180	299
Master's	79	103	137	319
Baccalaureate	76	71	34	181
Associate's	0	0	147	147
Special Focus/Other	74	9	24	107
Total Participants	296	235	522	1,053

5 See the *Administrators Survey Participation and Information Template (SPIT)* for more specific information about the data collected on this year's survey, as well as the instructions provided to participants.

6 Special focus/other institutions include medical/law institutions, tribal colleges, research foundations, international institutions, for-profit institutions, higher ed affiliates, and unclassified institutions that typically have much different salary structures than traditional institutions and differ greatly from each other, so reporting them as a single category is not appropriate, and they do not appear in this report. However, their data are available for benchmarking in DataOnDemand, and their names appear in the participant list in Appendix B.

Acknowledgments

CUPA-HR's *Administrators in Higher Education Annual Report* provides data on salaries and demographic information for administrators employed in a cross-section of the nation's colleges and universities.

We are indebted to the human resources professionals and institutional research professionals who completed the survey.

In the CUPA-HR national office, our research department staff coordinated and reviewed all aspects of survey analysis and report production. To ensure the accuracy of data, the research staff conducted numerous outlier and validation checks with those responsible for completing the survey. Peerfocus, Inc., our partner and collaborator in Surveys Online, provided web-based data collection, automated validation checks, and table generation. This report was designed, reviewed, edited, and marketed by members of our research, communications and marketing, and executive teams, acknowledged below.

Appendix A. Comprehensive Tables

The salaries provided in these tables are annualized base salaries. The tables in this appendix report unweighted median salaries.⁷ The median divides salaries in half: 50% of all reported salaries fall above or below this salary. The median is a more reliable measure than the mean (average) in distributions that are skewed (containing a few extremely low or — in the case of most salary data — high numbers).

Data are reported only for positions having at least five responding institutions.⁸

To compute the quartiles, the total expense/enrollment numbers reported by each institution were ranked from low to high, and one quarter of the institutions were assigned to each quartile. Quartile ranges are listed in the column headings of each applicable table.

- 7 The tables in Appendix A provide a large-scope picture of administrator salaries. To benchmark salaries using custom comparison groups, or to view salaries by sex, race/ethnicity, age, or years in position, higher ed institutions should subscribe to [DataOnDemand](#).
- 8 Both annual reports and DataOnDemand follow Department of Justice safe harbor guidelines for antitrust regulations. An explanation of these guidelines can be found here: http://compforce.typepad.com/compensation_force/2007/02/antitrust_regul.html.
