College and University Professional Association for Human Resources

About CUPA-HR

CUPA-HR is higher ed HR. We serve higher education by providing the knowledge, resources, advocacy and connections to achieve organizational and workforce excellence. Headquartered in Knoxville, Tennessee, and serving over 33,000 HR professionals and other campus leaders at nearly 2,000 member institutions and organizations, the association offers learning and professional development programs, higher education workforce data, extensive online resources and just-in-time regulatory and legislative information.

CITATION FOR THIS REPORT

Bichsel, Jacqueline; Fuesting, Melissa; Nadel-Hawthorne, Sarah; & Schmidt, Anthony (2021, March). *Faculty in Higher Education Annual Report: Key Findings, Trends, and Comprehensive Tables for Tenure-Track, Non-Tenure Teaching, and Non-Tenure Research Faculty and Summary Data for Adjunct Faculty for the 2020-21 Academic Year* (Research Report). CUPA-HR. Available from <https://www.cupahr.org/surveys/results/>.

CUPA-HR Data Use Agreement

- All survey results are copyrighted by the College and University Professional Association for Human Resources (CUPA-HR). No data contained in a survey report or obtained through DataOnDemand (DOD) may be reproduced in any form for any purpose without the written consent of CUPA-HR. Report findings and conclusions may be appropriately cited/referenced in other reporting if there is proper acknowledgment of the source and the referenced material does not involve reproduction of data tables or graphics.
- DOD can be purchased only by higher education institutions. Due to the sensitive and confidential nature of the data we collect, we reserve the right to confirm an individual's authorization to purchase DOD with his or her HR department, and to confirm with HR that each user listed on the order is authorized to view employee data. Individuals outside of the HR department seeking access will need written approval from the head of HR — these include faculty, unions, other administrators, etc. CUPA-HR accepts no responsibility for any employee who misrepresents his or her authorization.
- Annual survey reports contain comprehensive tables of aggregated data and may be purchased by anyone. However, all points of this agreement apply to the use of this tabular data.
- Survey results may not be changed or modified. Results may not be misrepresented as to their source or intent.
- Survey results may not be used to solicit or conduct business. The sole exception is the use of consultants who are currently engaged in a project with a higher ed institution that has granted access to that institution's purchase of DOD. Consultants may use the obtained data in their business dealings with the purchasing institution only. Consultants cannot order DOD directly. They should ask the appropriate representative of the institution for which they are working to contact us — via research@cupahr.org — to request consultant access to DOD. The institution representative should furnish: (a) the consultant's name, company, address, e-mail, and phone number; (b) a statement that indicates the consultant has been hired to perform work requiring the use of CUPA-HR data; (c) authorization for the consultant to see the institution's data; and (d) the names of the surveys to which the consultant should be granted access.
- Survey results may not be uploaded to a separate system or placed on the web without the explicit permission of CUPA-HR.
- Access to survey reports and DOD is limited to the users purchasing the report or subscription. Sharing report information, log-in credentials, output from DOD analyses, or DOD access with other institutions or organizations will result in immediate cancellation of access and will preclude future access. The system tracks and monitors purchases, use, and users.
- An institution is defined as an entity which has as its sole purpose the provision of postsecondary education and reports to the Integrated Postsecondary Education Data System (IPEDS) hosted by the National Center for Education Statistics (NCES). Results must be purchased for each institution in which CUPA-HR data is used and may only be used for the institution for which the subscription was purchased. Results may not be shared with — or used for — institutions within a multi-institution system for which a DOD subscription or annual report has not been purchased. System offices, defined as any entity that oversees two or more institutions, may share or use data only with institutions in their system for which the data has been purchased.

FULL REPORT

Highlights

The following are highlighted results from the CUPA-HR 2021 *Faculty in Higher Education Annual Report*:

- The proportions of tenure-track, non-tenure-track, and adjunct faculty are relatively unchanged from last year. However, faculty of all types experienced job losses across all institutional classifications. Adjunct faculty experienced the greatest decrease in size, with a nearly 5% reduction in workforce since last year.
- The two disciplines sustaining the greatest percentage loss in full-time faculty are Leisure & Recreational Activities and Library Science.
- The two disciplines with the greatest loss in sheer faculty numbers are Business, Management, & Marketing and Biological & Biomedical Sciences.
- The overall median salary increase for full-time faculty from 2019-20 to 2020-21 was 0.69%, the lowest increase since 2010.
- The proportions of women and racial/ethnic minorities within tenure-track faculty are not much different from last year, indicating that faculty cuts made during the past year did not disproportionately impact the representation of women and minorities in tenure-track faculty overall.
- Women and minorities are less represented with increases in rank among tenure-track faculty, a trend that has persisted for many years.
- Adjunct faculty earn the most pay per credit hour at doctoral institutions (\$1,288) and the least at associate's institutions (\$917). This difference may be due to the fact that at most doctoral institutions, the department hiring the adjunct sets their pay, whereas a single entity sets the pay for all adjuncts at most associate's institutions.

Introduction

This marks the 40th year of data collection for the *CUPA-HR Faculty in Higher Education Survey*, which was piloted in 1981-82. Broadly, the survey collects data on full-time faculty by instructional program, tenure type, and rank (defined later in the introduction), as well as aggregate data for adjunct (pay-per-course) faculty.

Beginning in the 2016-17 academic year, the *CUPA-HR Faculty in Higher Education Survey* began collecting demographic information on all full-time faculty — sex, race/ethnicity, age, and years in rank. In 2018-19, this survey started collecting data on the highest degree attained for each full-time faculty member. In addition, the survey collects detailed salary supplement and course relief information for faculty department heads/chairs, making it the most comprehensive major survey of workforce data on higher education faculty.

This marks a special year for data collection and reporting for all CUPA-HR surveys. The severe budget cuts in the wake of the COVID-19 pandemic forced many institutions to freeze hiring, cut positions and, in some cases, decrease salaries. This report highlights the overall changes to faculty size and salaries over the past year.

FACULTY SURVEYED

A total of 263,721 full-time faculty positions were reported for this year's survey. Salary and demographic data for tenure-track (TT), non-tenure teaching (NTT), and non-tenure research (NTR) faculty were collected by rank: professor, associate professor, assistant professor, new assistant professor, and instructor for TT and NTT faculty; and professor, associate professor, assistant professor, new assistant professor, scientist, and postdoctoral scholar for NTR faculty.¹ Supplemental salary and course relief data were collected on the 9,579 faculty identified as department heads/chairs. In addition, salary data on 57,190 adjunct (pay-per-course) faculty were collected in aggregate form.²

1 Tenure-track faculty include those who are already tenured as well as pre-tenure faculty.

2 See the Methodology section of this report for more specific information on the sample and the data collected.

INSTRUCTIONAL PROGRAMS SURVEYED

Instructional programs used in the survey are based on the 2020 Integrated Postsecondary Education Data System (IPEDS) Classification of Instructional Programs (CIP).³ The CIP taxonomy is a hierarchy organized on three levels:

- 2-digit codes (XX) define the most general groupings of related disciplines.⁴
- 4-digit codes (XX.XX) define subdisciplines that have comparable content and objectives.
- 6-digit codes (XX.XXXX) define specific specialties within disciplines.

For example:

42) PSYCHOLOGY. Instructional programs that focus on the scientific study of the behavior of individuals, independently or collectively, and the physical and environmental bases of mental, emotional, and neurological activity.

42.27) Research and Experimental Psychology. Instructional content for this group of programs is defined in codes 42.2701-42.2799.

42.2701) Cognitive Psychology and Psycholinguistics. A program that focuses on the scientific study of the mechanisms and processes of learning and thinking, and associated information encoding, decoding, processing and transmitting systems. Includes instruction in theories of cognition and intelligence; studies of cognitive processes such as memory, sensation, perception, pattern recognition, problem solving, and conceptual thinking; cybernetics; psycholinguistics; and the study of biological and social communications mechanisms and processes.

3 [IPEDS 2020 Classification of Instructional Programs \(CIP\) Codes](#) (2019). National Center for Education Statistics. Detailed reporting on all CIPs can be found in [DataOnDemand](#).

4 Most analyses referenced in this report are based on 2-digit CIP codes. In the interest of conserving space, this report uses intuitive abbreviated versions of the 2-digit titles specified by IPEDS.

PARTICIPATING INSTITUTION CHARACTERISTICS

The information in Figure 1 summarizes the institutional characteristics of respondents to this year's *Faculty in Higher Education Survey*. In total, 793 institutions provided incumbent-level data for full-time faculty, and 362 of those institutions provided aggregate data for adjunct faculty.⁵ Institutions are well represented in this year's data by classification, affiliation, and region.

2021 FACULTY IN HIGHER EDUCATION

Faculty Survey Participants

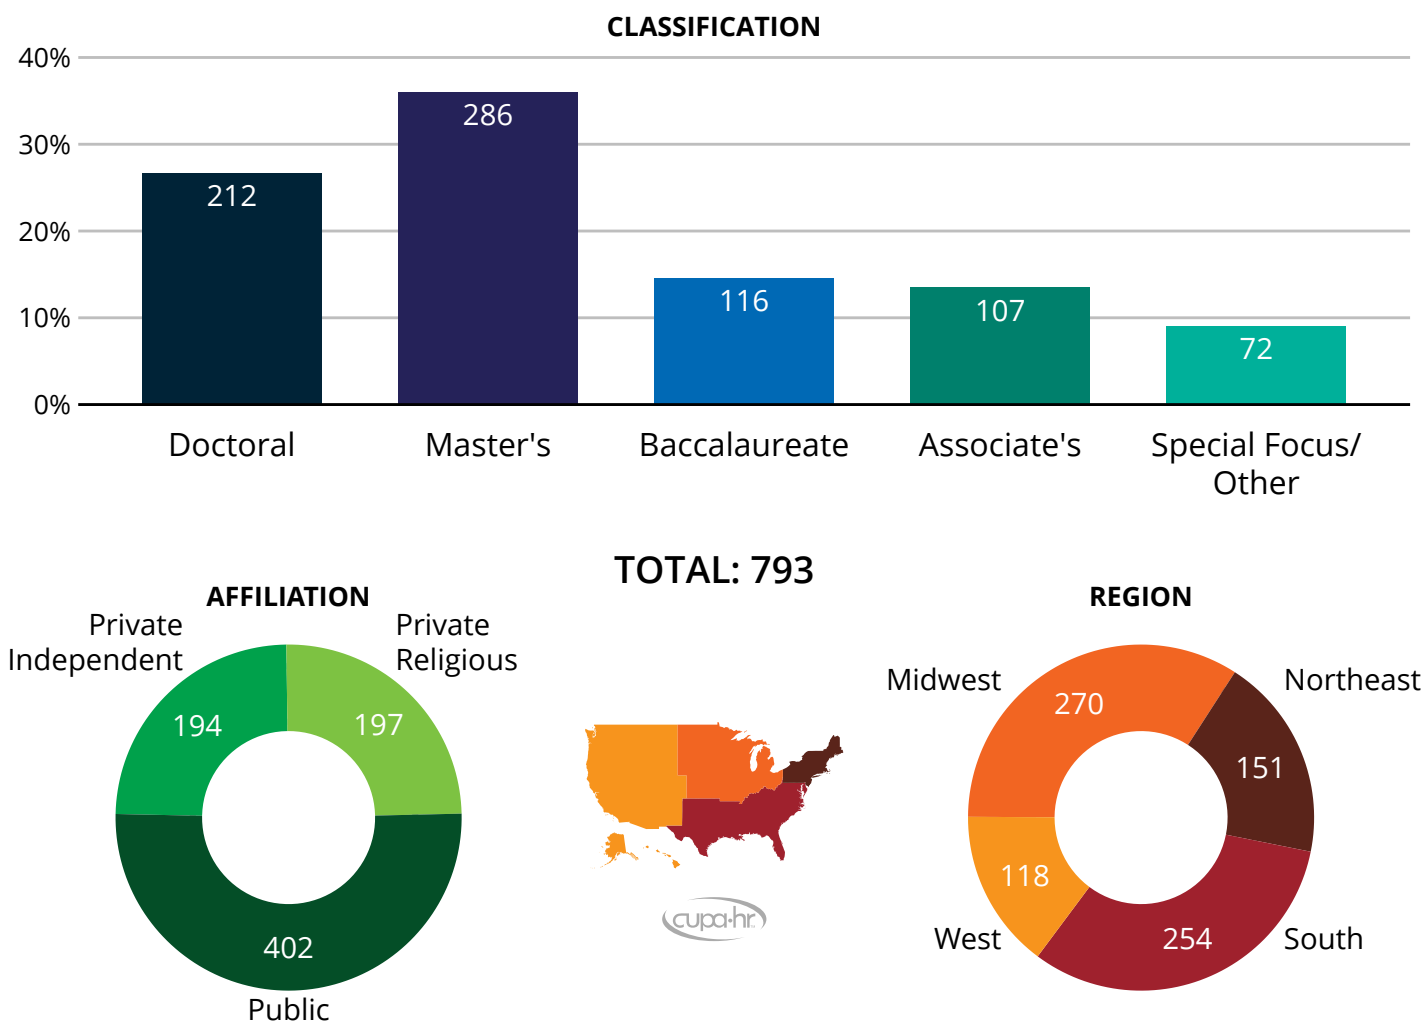

Figure 1

⁵ See Appendix B for a list of all participating institutions. Special focus/other institutions (including for-profit institutions) and postdocs were excluded from all analyses for this report except for the adjunct faculty section (resulting in a sample size of 721 institutions and 249,348 full-time faculty for the rest of this report). See the Methodology section for more detail on these exclusions.

Methodology

SURVEY

The data collection period for CUPA-HR's *Faculty in Higher Education Survey* ran from November 2, 2020 to January 15, 2021. The survey was conducted through Surveys Online.⁶

Full-Time Faculty and Department Heads

This year's survey includes data for 263,721 full-time faculty, including 171,367 tenure-track (TT) faculty; 79,339 non-tenure teaching (NTT) faculty; and 13,015 non-tenure research (NTR) faculty. Of those faculty, 9,579 were identified as department heads. For each full-time faculty member, the following data were collected:

- Annualized 9-10-month salary (effective date November 1, 2020)
- Tenure type (TT, NTT, or NTR)
- Rank
 - professor, associate professor, assistant professor, new assistant professor, and instructor for TT and NTT faculty
 - professor, associate professor, assistant professor, new assistant professor, scientist, and postdoctoral scholar for NTR faculty
- Highest degree attained [doctorate (Ph.D., M.D., J.D., or equivalent), master's, bachelor's, associate's]
- H-1B status
- Sex (optional)
- Race/ethnicity (optional)
- Year entered current rank (optional)
- Birth year (optional)
- Whether the faculty member is a department head (if checked, additional data on salary supplements, summer salary, and course relief were collected)

Participants could either enter this data manually online for each faculty member or upload a file containing this data.

Faculty Paid by the Course (Adjunct Faculty)

A total of 362 institutions provided optional aggregate information on pay and pay practices for at least 57,190 pay-per-course (adjunct) faculty.⁷ Data collected were:

- Which entity sets the adjunct pay rate (collective bargaining, single unit, department, other)
- Whether and how pay is affected by enrollment in course

6 Surveys Online is a product of [Peerfocus](#).

7 The total number of adjunct faculty reported is a low estimate, given that the question on number of adjunct faculty is optional.

- Whether adjunct faculty are paid different rates based on:
 - Level of education
 - Type of degree program taught (graduate or undergraduate)
 - Selected disciplines/courses
- Total number of adjunct faculty
- Average pay per semester credit hour
- Lowest pay per semester credit hour
- Highest pay per semester credit hour
- Total number of credit hours taught by adjunct faculty

Institutional Characteristics

In addition, data on institutional characteristics were collected from all participants:⁸

- Total expenses reported to IPEDS in 2019-20
- Student enrollment (effective date approximately October 15, 2020)
- Faculty size (effective date November 1, 2020) and number of separations in the past year
- Staff size (effective date November 1, 2020) and number of separations in the past year
- Human resources staff size and number of separations in the past year
- CHRO reporting relationship
- Whether collective bargaining exists for the following groups:
 - Full-time faculty
 - Part-time or adjunct faculty
 - Full-time staff
 - Graduate students

Basic information on total expenses as well as student, faculty, and staff size were required questions. All other questions were optional.

8 See the *Faculty Survey Participation and Information Template (SPIT)* for more specific information about the data collected on this year's survey, as well as the instructions provided to participants.

RESPONDENTS

Respondents were largely human resources professionals and institutional research professionals from higher education institutions in the U.S.⁹ There were 793 institutions that completed the survey (Table 1). All participating institutions are listed in Appendix B.

Table 1. Number of Responding Institutions by Classification and Affiliation

Classification	Affiliation			Total
	Private Independent	Private Religious	Public	
Doctoral	38	40	134	212
Master's	71	94	121	286
Baccalaureate	34	54	28	116
Associate's	0	0	107	107
Special Focus/Other	51	9	12	72
Total Participants	194	197	402	793
Total N for This Report	143	188	390	721

⁹ Special focus/other institutions ($n = 72$) were excluded from the analyses of full-time faculty in this report. Special focus/other institutions include medical/law institutions, tribal colleges, research foundations, international institutions, for-profit institutions, higher ed affiliates, and unclassified institutions that typically have much different salary structures than traditional institutions and differ greatly from each other, so reporting them as a single category is not appropriate. Although their data were not analyzed for this report, their data are available for benchmarking in DataOnDemand, and their names appear in the participant list in Appendix B. They are included as "Other" institutions in Table 2.

Acknowledgments

CUPA-HR's *Faculty in Higher Education Annual Report* provides data on salaries and demographic information for faculty employed in a cross-section of the nation's colleges and universities.

We are indebted to the human resources professionals, institutional research professionals, and professionals working in the office of the provost of the colleges and universities who completed the survey.

In the CUPA-HR national office, our research department staff coordinated and reviewed all aspects of survey analysis and report production. To ensure the accuracy of data, the research staff conducted numerous outlier and validation checks with those responsible for completing the survey. Peerfocus, Inc., our partner and collaborator in Surveys Online, provided web-based data collection, automated validation checks, and table generation. This report was designed, reviewed, edited, and marketed by members of our research, communications and marketing, and executive teams, acknowledged below.

Appendix A. Comprehensive Tables

The salaries provided in these tables are annualized, full-time (1.0 FTE) salaries based on 9-10-month contracts. Like the annual report itself, salaries from for-profit institutions, higher ed affiliates, and special focus institutions are not included. The tables in this appendix report average, median, minimum, and maximum salaries.¹⁰ The median divides salaries in half: 50% of all reported salaries fall above or below this salary. The median is a more reliable measure than the mean (average) in distributions that are skewed (containing a few extremely low or — in the case of most salary data — high numbers).

These tables also provide an additional statistic called a “salary factor.” The salary factor is the ratio, for a given academic rank and discipline, of the average salary to the average salary across all disciplines. It provides a standardized market value of sorts for each discipline. Disciplines/ranks with salary factors greater than 1.00 pay more than average. Those with salary factors less than 1.00 pay less than average.

All salaries reported are unweighted, and data is reported only for positions having at least five responding institutions.¹¹

10 The tables in Appendix A provide a large-scope picture of faculty salaries. To benchmark faculty salaries using custom comparison groups, or to view salaries by gender, race/ethnicity, age, or years in rank, higher ed institutions should subscribe to [DataOnDemand](#).

11 Both annual reports and DataOnDemand follow Department of Justice safe harbor guidelines for antitrust regulations. An explanation of these guidelines can be found here: http://compforce.typepad.com/compensation_force/2007/02/antitrust_regul.html.
