Policies

Per Department of Justice Safe Harbor Guidelines, statistics will not display when the number of Institutions contributing data is less than 5 (too few data). Statistics will also not display when one institution's data comprise more than 25% of the total (unbalanced data; only applicable if incumbent—rather than institutional average—salaries are selected). If fewer than 10 institutions have provided data for a position, any percentiles provided are poor estimates at best, and extreme caution should be taken in their interpretation and use.

The focus institution's median salary will be the same as its average salary in the pre-incumbent data reporting era (pre 2016-17) because incumbent salaries were averaged by respondents prior to submission to CUPA-HR.
